The Krill Co., Inc. welcomes Scott Zanick as Project Manager

Cleveland, OH, April 8, 2015- The Krill Co., Inc. is proud to announce and welcome Scott Zanick as Krill's newest Project Manager. As Project Manager Mr. Zanick will manage all aspects of a project and keep all lines of communication open with the owner, architect, and subcontractors.

Mr. Zanick joins Krill with 22 years of construction experience, including the last 14 as a Project Manager with The Bolton-Pratt Company. Scott has managed a wide range of projects including healthcare, office, industrial, recreational, and food services spaces. His responsibilities included Project Management, chairing Construction Management teams, competitive estimation & construction CIS technologies.

Scott's rich education includes becoming a Journeyman Carpenter in '95, and continuing his education at The Ohio State University for Chemical Engineering, as well as Cleveland State University for Computer Information Science. A resident Cleveland native, Scott was raised in North Olmsted and graduated from North Olmsted High School. *"I've been involved in the Cleveland construction industry for over 25 years and I've always been very impressed by the high reputation of The Krill Co., Inc. I am very excited to be a member of the Krill team and look forward to my future with this great company."* as stated by Mr. Zanick.

"As a company, we are thrilled to be adding Scott to the already talented staff of project managers at The Krill Co., Inc. Scott enthusiastically brings many years of professional experience and a wonderful work ethic that fits nicely with the culture of the company. We look forward to Scott having continued success and a lasting career with the company." Jeffrey R. Gliebe, CEO / Co-Chairman.

=====

Since 1932, The Krill Co., Inc. has been building and renovating the landscape of Ohio. The expertise Krill delivers in Construction Management, General Contracting and Design-Build services is highly regarded and repetitively sought by Ohio's leading corporations and institutions.
